## UNITED STATES PUBLIC LAND SURVEY CORNER CERTIFICATE

SECTION 34 TOWNSHIP 84N RANGE 39W COUNTY Crawford

Reason for Certificate: Survey in the SE1/4 SE1/4

Monument Description and Remarks:

SW CORNER SE1/4 SE1/4 - A monument was shown on an I.D.O.T. Land Corner Survey Plat dated October 1972 by PLS #4313, but no monument was found. Ron Reimers, an heir to the SE1/4 SE1/4, stated that a fence ridge was leveled and a newer fence corner post with brace posts were installed in recent years. No fence wires were ever installed on said newer posts. The Corner location was calculated using an I.D.O.T. distance and angle shown on said Land Corner Survey Plat. The location falls in said newer fence corner post, so a MAG nail was set in the top of said newer fence corner post at the calculated location.
